575 Lexington Avenue, New York, New York 10022-6195

## DESCRIPTION OF THE NOTES

We are offering \$300,000,000 aggregate principal amount Fourth Variable Rate LIBOR Notes. The notes are direct and unconditional general obligations of the State of Israel. We pledge our full faith and credit for the due and punctual payment of principal and accrued interest, as well as for the due and timely performance of all of our obligations with respect to the notes. The terms of the notes are as follows:

**Price.** You may buy each note for a minimum subscription of \$100,000. You may buy notes in excess of \$100,000 in increments of \$25,000.

**Issue Date and Maturity.** We will date each note as of the day on which we receive the subscription for the note in form acceptable to us and the subscription price is accepted. Each note will mature five (5) years from the first day of the month in which the note is dated.

**Interest Rate and Interest Determination Date.** The initial interest rate is equal to the six (6) month London Inter-Bank Offer Rate ("LIBOR Rate") in effect on the initial interest determination date, plus a fixed number of basis points. The initial interest determination date is the bank day which is two (2) business days prior to the first business day of the month in which your subscription is received in a form acceptable to Israel and the subscription price is accepted. The initial interest rate will be set forth on a sticker affixed to the cover page of this prospectus and specified on the face of the note. The interest rate will be adjusted semi-annually in accordance with the LIBOR Rate in effect on the applicable interest determination date, which is the bank day which is two (2) business days prior to January 1<sup>st</sup> or July 1<sup>st</sup>. The number of basis points for each note will be determined on the bank day which is two business days prior to the first business day of the month in which we accept your subscription and will remain fixed until maturity.

The LIBOR Rate is, with respect to the immediately following interest period, the rate (expressed as an annual percentage) for deposits in U.S. dollars for a six-month period that appears on Telerate, page 3750 (or the successor page thereto) as of 11:00 a.m. London time on the applicable interest determination date, rounded upwards to the next one-sixteenth ( $\frac{1}{16}$ ) of one percent, if the quoted interest rate is not equivalent to one-sixteenth ( $\frac{1}{16}$ ) of one percent.

If the LIBOR Rate does not appear on Telerate, page 3750 as of 11:00 a.m. London time on the interest determination date, the LIBOR Rate shall be the arithmetic mean of the offered rates (expressed as an annual percentage) for deposits in U.S. dollars for a six (6) month period that appears on the Bloomberg LIBOR Page as of 11:00 a.m., London time, on the given interest determination date, rounded upwards to the next one-sixteenth ( $\frac{1}{16}$ ) of one percent, if the quoted interest rate is not equivalent to one-sixteenth ( $\frac{1}{16}$ ) of one percent.

**Interest Period.** The interest periods are as follows:

- *The Initial Interest Period:* This period commences on, but does not include, the issue date, and ends on, and includes, the June 30<sup>th</sup> or December 31<sup>st</sup> immediately following the issue date.
- *The Final Interest Period:* This period commences on, and includes, the January 1<sup>st</sup> or July 1<sup>st</sup> in the same calendar year as the maturity date, immediately preceding the maturity date and ends on, and includes, the maturity date.

We will calculate interest for the above two periods as a percentage of the annual percentage rate based on the number of days elapsed during the relevant interest period divided by three hundred and sixty-five (365).

- *The Semi-Annual Interest Periods:* We will calculate interest for each six calendar month period (other than the Initial Interest Period and the Final Interest Period) commencing on and including January 1<sup>st</sup> or July 1<sup>st</sup> in each year on the basis of fifty percent (50%) of the annual percentage rate.

**Interest and Maturity Payment.** We will pay interest on the notes semi-annually on June 30<sup>th</sup> and December 31<sup>st</sup> in each year. If either of June 30<sup>th</sup> or December 31<sup>st</sup> is a bank holiday, we will pay interest as of

the next preceding bank day. In order to receive an interest payment on June 30<sup>th</sup> or December 31<sup>st</sup>, your subscription must be received in a form acceptable to us and the subscription price must be accepted on or before the preceding June 10<sup>th</sup> or December 10<sup>th</sup>, respectively. If your subscription is received in a form acceptable to us or the subscription price is accepted after that date but before June 30<sup>th</sup> or December 31<sup>st</sup>, you will receive the interest payment for the Initial Interest Period within thirty (30) days of the date your subscription is received in a form acceptable to us and the subscription price is accepted. The principal amount payable on the maturity date and the interest for the Final Interest Period will be paid together within fifteen (15) days of the surrender of the note, but in no instance will payment be made before the maturity date.

We will register each note with respect to the principal amount and interest rate for each note. We will pay all interest directly to each owner by wire transfer or check drawn to the order of the owner(s) in U.S. coin or currency. This payment will be made directly from our office in New York City. We will pay the principal, upon maturity or otherwise, directly from our office in New York City, in U.S. coin or currency against delivery of the original note(s) to us.

**Issuance and Transfer Limitations.** We will issue each note to a maximum of two owners. If two owners own any one note, the note must be owned in joint tenancy. You may not assign or transfer the notes without our express written approval. Banks may only purchase the notes upon our prior express written consent. For our purposes, the term "bank" means:

- any national bank or banking institution organized under the laws of any State, Territory or the District of Columbia, the business of which is substantially confined to banking and is supervised by the State or Territorial banking commission or similar official; or
- any institution conducting banking activities anywhere in the world.

**Early Redemption.** If a note is repurchased upon the death of the registered owner of the note, or if there is more than one registered owner, upon the death of the last surviving owner, payment will only be issued to the estate of the deceased.

In order to repurchase a note upon the termination of an Employee Benefit Plan which is the owner of the note, sufficient evidence must be provided to us that such Employee Benefit Plan has been terminated and that the assets must be liquidated to meet the plan's commitments.

**Event of Default.** If we default on the payment of interest or principal with respect to any note:

- any amount of interest or principal in default will bear interest at the interest rate applicable on the date of such default until such default is cured; and
- if any default continues for a period of ninety (90) calendar days, the principal amount of the note will, at the option of, and upon written demand to us by, the registered owner(s) of the note, mature and become due and payable, upon the date that such written demand is actually received by us unless prior to such date we cured all defaults in respect of the notes.

**Fiscal Agent.** Israel will act as the fiscal agent for the notes. The address for the State of Israel, Ministry of Finance, is 800 Second Avenue 17<sup>th</sup> Floor, New York, New York, 10017, Attention: Note Department. The telephone number is (212) 499-5726.

The foregoing description of the material terms of the notes is qualified by reference to the full terms of the Notes. Notes offered and sold outside of the United States may be offered and sold in reliance on Regulation S or another applicable exemption from the registration requirements of the Securities Act of 1933, as amended. Such Notes have not been and will not be registered under the Securities Act. Accordingly, subject to certain exceptions, such notes may not be offered, sold or delivered within the United States to United States persons.

# State of Israel

## Bonds

---

The State of Israel, which may be referred to in this prospectus as "Israel" or "the State," may offer up to U.S.\$2,115,405,000 aggregate principal or maturity amount of its bonds.

Israel may offer the bonds from time to time as separate issues. Israel will provide a prospectus supplement describing the amounts, prices and terms of each issue of bonds it is offering. You should read this prospectus and any prospectus supplement carefully before you invest.

Israel will sell the bonds through the Development Corporation for Israel (DCI).

---

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

You should rely only on the information contained in or incorporated by reference in this prospectus or the applicable prospectus supplement. Israel has not authorized anyone to provide you with different or additional information. Israel is not making an offer of these securities in any state where the offer is not permitted. You should not assume that the information contained in this prospectus or any prospectus supplement is accurate as of any date other than the date on the front of this prospectus or that information incorporated by reference in this prospectus is accurate as of any date other than the date of such information.

### WHERE YOU CAN FIND MORE INFORMATION ABOUT THE STATE OF ISRAEL

Israel is not subject to the informational requirements of the Securities Exchange Act of 1934. Israel files annual reports with the Securities and Exchange Commission (SEC) on a voluntary basis. These reports include certain financial, statistical and other information concerning Israel. Israel may also include exhibits to its annual reports and file amendments to its annual reports. You may read and copy any document Israel files with the SEC at the SEC's public reference room at 450 Fifth Street, N.W., Washington, D.C. 20549. You may also obtain copies of the same documents from the public reference room in Washington, D.C. by paying a fee. You may obtain information on the operation of the public reference room by calling the Securities and Exchange Commission at 1-800-SEC-0330.

The Securities and Exchange Commission allows Israel to "incorporate by reference" into this prospectus the information Israel files with it, which means that important information can be disclosed to you by referring to those documents. The information incorporated by reference is an important part of this prospectus. Israel incorporates by reference its Annual Report on Form 18-K for the fiscal year ended December 31, 2001, and any future annual reports and amendments to annual reports, including in both cases exhibits, filed with the Securities and Exchange Commission until this offering is completed. Each time Israel files a document with the SEC that is incorporated by reference, the information in that document automatically updates the information contained in previously filed documents. You may download a free copy of these filings from the Internet site maintained by the Development Corporation for Israel at [www.israelbonds.com](http://www.israelbonds.com), or request a free copy of these filings by writing to or telephoning Israel's Consul and Chief Fiscal Officer for the Western Hemisphere at the following address and number:

Ministry of Finance  
State of Israel  
800 Second Avenue  
New York, New York 10017  
Telephone: (212) 499-5710  
Facsimile: (212) 499-5715

The SEC maintains an Internet site that contains reports and other information regarding issuers that file electronically with the SEC at [www.sec.gov](http://www.sec.gov). The Registration Statement of which this prospectus forms a part, as well as all exhibits and documents incorporated by reference therein, are available at the SEC Internet site.

### **USE OF PROCEEDS**

Unless otherwise specified in the applicable prospectus supplement, Israel will use the net proceeds from the sale of the bonds offered hereby for general purposes of the State.

### **DESCRIPTION OF THE BONDS**

Israel will issue the bonds from time to time as separate issues. Each issue of bonds will be issued pursuant to a fiscal agency agreement between Israel and a fiscal agent, unless Israel acts as the fiscal agent with respect to any issue. If the terms or conditions described in the prospectus supplement for a particular issue of bonds differs from the terms and conditions described in this prospectus, you should rely on the terms and conditions described in the prospectus supplement.

The following is a summary of certain terms of the bonds. Israel will describe the particular terms of any bonds in the prospectus supplement relating to those bonds.

Those terms may include:

- the name of the issue of the bonds;
- the aggregate principal or maturity amount of the bonds;
- the price of the bonds;
- the minimum denomination of the bonds;
- the issue date of the bonds;
- the stated maturity date on which Israel agrees to repay the bonds;
- the rate of interest the bonds will bear, if any, and if variable, the method by which the interest rate will be calculated;
- the dates when any interest payments are scheduled to be made;
- the date or dates from which interest will accrue;
- whether and in what circumstances Israel may redeem the bonds before maturity;
- whether physical certificates will be issued for the bonds or whether the bonds will be book-entry only;
- the currency in which Israel may pay the bonds and any interest; and
- any other terms of the bonds.

### **Status of the Bonds**

The bonds will be the direct, general and unconditional obligations of Israel. Israel will pledge its full faith and credit for the due and punctual payment of all principal, interest and maturity amounts, as well as for the due and timely performance of all of Israel's obligations with respect to the bonds.

## **Ranking of Bonds**

The bonds of each series will rank equally with each other, without any preference among themselves. The payment obligations of Israel under the bonds will at all times rank at least equally with other payment obligations of Israel relating to unsecured, unsubordinated external indebtedness. For purposes of this paragraph, "external indebtedness" means any indebtedness for money borrowed which is payable by its terms or at the option of its holder in any currency other than the currency of Israel, and "indebtedness" means all obligations of Israel in respect of money borrowed and guarantees given by Israel in respect of money borrowed by others.

## **The Bonds**

*Issuance.* The bonds will be issued only in registered form without coupons, and upon original subscription, in such minimum denominations as may be set forth in the applicable prospectus supplement. Subscription for the bonds will be made on approved forms appropriately completed and executed and accompanied by the subscription price. The subscription price may be paid in United States dollars or, if Israel so orders, in the currency of the country from which the subscription originated. A subscription is deemed accepted as of the date when the forms and purchase price are actually received in form acceptable to the fiscal agent and DCI. The bond will state the name of the owner, the subscription number and the issue date. Except for bonds issued in book-entry form, the fiscal agent will then mail the bond to the owner.

*Bond Certificates.* The bonds will be issuable to any person or entity. The name of that person or entity or his, her or its nominee will be inscribed on the face of the bonds. The bonds will be numbered and lettered in a manner that is satisfactory to Israel. The bonds will be executed on behalf of the State by its Prime Minister and its Minister of Finance and countersigned by an authorized officer of the fiscal agent, and may contain legends or recitals not inconsistent with the fiscal agency agreement as may be approved by the fiscal agent or as required by any securities exchange on which the bonds may be listed. Pending the preparation of definitive bonds, Israel may execute and issue temporary bonds or a nontransferable receipt in lieu of definitive bonds. The temporary bonds will be in substantially the same form as the definitive bonds, and may be exchanged for an equal amount of definitive bonds when the definitive bonds are prepared and ready for delivery upon the surrender of the temporary bonds at the office of the fiscal agent. A receipt issued in lieu of the bonds will indicate that the bond will be issued to the person named in the receipt in the specified denominations when the bond is available. Any exchange of temporary bonds for definitive bonds will be at no expense to the bond owner, except the payment of any stamp tax or other governmental charges. The bonds may be issued in book-entry form, which means bond certificates will not be issued to evidence the bonds. In the case of bonds issued in book-entry form, the prospectus supplement may provide that certificates will be issued if specifically requested at the time of purchase.

*Payment of Interest.* Some bonds are interest-bearing. For interest-bearing bonds, interest will be computed on the basis of a 360-day year consisting of twelve 30-day months. If the date of any payment, whether for interest, principal, maturity or redemption, is a Saturday, Sunday or other day on which the fiscal agent is authorized or required by law to be closed, payment will be made on the next business day, and no interest will accrue for the intervening period. Israel and the fiscal agent will treat the person or entity whose name is inscribed on the face of the bond as the absolute owner of the bond for all purposes, including receiving payment for the bond and interest payments, and neither Israel nor the fiscal agent will be affected by any notice to the contrary. Payments will be paid by check mailed to the bond owner at the address listed in the bond register. In the case of bonds issued in the name of more than one holder, payment may be made in the names of all such holders. A trustee or other legal representative will succeed to all rights of a non-individual bond owner that has dissolved or terminated. An executor, administrator or other legal representative of a bond owner who has died will succeed to all the rights of a deceased bond owner. If any interest is not

punctually paid, Israel will notify the fiscal agent of the amount of defaulted interest proposed to be paid on each bond and the date of such payment. The fiscal agent will then notify the bond owners of the proposed payment, and pay bond owners the defaulted interest.

*Exchange and Split-up; Surrender of Bonds.* There will be no exchange or split-ups of bonds issued in minimum denominations, unless otherwise ordered by Israel. All other exchanges or split-ups will be subject to reasonable regulations of the fiscal agent and Israel. The fiscal agent will cancel all bonds surrendered for transfer or exchange. The bond owner will pay all expenses, charges or taxes in connection with any exchange or split-up.

*Co-owners of Bonds; Bonds Held by Minors.* Israel or the fiscal agent may require the signature of all bondholders in the case of the surrender of bonds issued in the names of more than one holder. Upon the surrender of a bond issued in the name of a minor, or a minor together with another person, Israel or the fiscal agent may act with respect to the minor upon the signature of the minor's legal guardian, or if there is no legal guardian, upon the signature of the parent or head of household of the minor, provided that the parent or head of household executes any other documents required by Israel or the fiscal agent.

*Lost, Stolen or Mutilated Bonds.* If a bond is mutilated, lost, stolen or destroyed, then Israel may issue a new bond upon the production of such mutilated bond or upon evidence satisfactory to it and the fiscal agent. If the bond was about to mature, Israel may pay for it without issuing a new bond. The newly issued bond will constitute the original contractual obligation of Israel, regardless of whether any person or entity tries to enforce the old bond. The bond owner will bear all expenses in connection with delivery of a new bond, except with respect to a bond mutilated, destroyed, stolen or lost prior to its delivery to the bond owner, for which Israel and the fiscal agent have received satisfactory evidence.

### **Early Redemption**

Upon not more than sixty (60) days written notice and surrender of the bond, a written instrument of transfer and other necessary legal documents required by the State or the fiscal agent, the fiscal agent will repurchase bonds at the option of the owner(s) prior to maturity only under the following circumstances:

- (a) upon the death of the registered owner of the bond or, if there is more than one registered owner of the bond, upon the death of the last surviving registered owner. However, Israel is not required to purchase upon death if the bond is owned by a transferee or assignee;
- (b) upon the death of any person owning the bond through an IRA, Roth IRA, Keogh Plan, or H.R. 10 Plan. However, Israel is not required to purchase bonds on death as set forth in clause (a) above and this clause (b) if, in Israel's opinion, a material number of these persons died as a result of war, epidemic, catastrophe of nature or other disaster;
- (c) upon the termination of an Employee Benefit Plan which owned the bond, unless in the case of an IRA, Roth IRA, Keogh or H.R. 10 Plan, the bond is transferred to another IRA, Roth IRA, Keogh or H.R. 10 Plan in a "rollover" transaction as the term is defined in Section 402 of the Internal Revenue Code within the time limit prescribed for such "rollovers".

For purposes of this offering, "Employee Benefit Plan" means:

- any employee benefit plan as defined in Section 3 of the Employee Retirement Income Security Act of 1974, as amended, or any comparable legislation in effect at the time of determination; or
- any Individual Retirement Account, Roth Individual Retirement Account, Keogh or H.R. 10 Plan, and any Registered Retirement Savings Plan, or any treasury, strike or other fund established or maintained by an employee organization.
