USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement, the State of Israel will use the net proceeds from the sale of the Bonds offered hereby for general purposes of the State of Israel.

DESCRIPTION OF THE BONDS

Each issue of Bonds will be issued pursuant to a fiscal agency agreement between Israel and a fiscal agent, except if Israel acts as the fiscal agent with respect to any issue.

The following is summary of certain terms of the Bonds. Israel will describe the particular terms of any Bonds in the prospectus supplement relating to those Bonds.

Those terms may include:

- the name of the issue of the Bonds;
- the aggregate principal amount of the Bonds;
- the price of the Bonds;
- the minimum denomination of the Bonds;
- the stated maturity date on which Israel must repay the Bonds;
- the rate of the interest the Bonds will bear and, if variable, the method by which the interest rate will be calculated;
- the dates when any interest payment will be made;
- whether and in what circumstances Israel may redeem the Bonds before maturity;
- the currency in which Israel may pay the Bonds and any interest; and
- any other terms of the Bonds.

Status of the Bonds

The Bonds will be the direct, general and unconditional obligations of Israel. The full faith and credit of Israel will be pledged for the due and punctual payment of all principal and interest, as well as for the due and timely performance of all of Israel's obligations with respect to the Bonds.

Ranking of Bonds

The Bonds of each series will rank equally with each other, without any preference among themselves. The payment obligations of Israel under the Bonds will at all times rank at least equally with other payment obligations of Israel relating to unsecured, unsubordinated external indebtedness. For purposes of this paragraph, "external indebtedness" means any indebtedness for money borrowed which is payable by its terms or at the option of its holder in any currency other than the currency of Israel, and "indebtedness" means all obligations of Israel in respect of money borrowed and guarantees given by Israel in respect of money borrowed by others.

The Bonds

The Bonds will be issued only in registered form without coupons, and upon original subscription, in such minimum denominations as may be set forth in the applicable prospectus supplement. The Bonds will be numbered and lettered in a manner that is satisfactory to Israel. Subscription for the Bonds will be made on approved forms and accompanied by the subscription price. The subscription price may be paid in United States dollars, or if Israel so orders, in the currency of the country from which the subscription originated. A subscription is deemed accepted as of the date when the forms and purchase price are received by the fiscal agent and DCI. The fiscal agent will then mail the Bond to the owner. The Bond will state the name of owner, the subscription number and the issue date.

Bond Certificates. The Bonds will be issuable to any person or entity. The name of that person or entity or their nominee will be inscribed on the face of the Bonds. Israel may execute and issue temporary Bonds or a nontransferable receipt in lieu of definitive Bonds. The temporary Bonds will be in substantially the same form as the definitive Bonds, and may be exchanged for an equal amount of definitive Bonds when the definitive Bonds are prepared and ready for delivery upon the surrender of the temporary Bonds at the office of the fiscal agent. A receipt issued in lieu of the Bonds will indicate that a Bond will be issued to person named in the receipt in the specified denominations when the Bond is available. Any exchange of temporary Bonds for definitive Bonds will be at no expense to the Bond holder, except the payment of any stamp taxes or other governmental charges. The Bonds may be issued in book-entry form, which means Bond certificates will not be issued to evidence the Bonds. In the case of Bonds issued in book-entry form, the prospectus supplement may provide that certificates may be issued if specifically requested at the time of purchase.

Payment of Interest. Some Bonds are interest-bearing. For interest-bearing Bonds, interest will be computed on the basis of a 360 day year consisting of twelve 30 day months. Israel and the fiscal agent will treat the person or entity whose name is inscribed on the face of the Bond as the absolute owner of the Bond for all purposes.

including receiving payment for the Bond and interest payments. A trustee or other legal representative will succeed to all rights of a non-individual Bond owner which has dissolved or terminated. An executor, administrator, or other legal representative of an owner who has died will succeed to the all the rights of a deceased Bond owner. If any interest is not punctually paid, Israel will notify the fiscal agent of the amount of defaulted interest proposed to be paid on each Bond, and the date of such payment. The fiscal agent will then notify Bond holders of the proposed payment, and pay Bond owners the defaulted interest.

Exchange and Split-up; Surrender of Bonds. There will be no exchange or split-ups of Bonds issued in minimum denominations, unless otherwise ordered by Israel. All other exchanges or split-ups will be subject to reasonable regulations of the fiscal agent and Israel. The fiscal agent will cancel all Bonds surrendered for transfer or exchange. The Bond owner will pay all expenses, charges or taxes in connection with any exchange or split-up.

Israel or the fiscal agent may require the signature of all Bond holders in the cases of the surrender of Bonds issued in the names of more than one holder. Upon the surrender of a Bond issued in the name of a minor, or a minor together with another person, Israel or the fiscal agent may act with respect to the minor on the signature if the minor's legal guardian, or if there is no legal guardian, the parent or head of household of the minor, if the parent or head of household executes any other documents required by Israel or the fiscal agent.

Lost, Stolen or Mutilated Bonds. If a Bond is mutilated, lost, stolen or destroyed, then Israel may issue a new Bond upon evidence satisfactory to it and the fiscal agent. If the Bond was about to mature, Israel may pay or it without issuing a new Bond. The newly issued Bond will constitute the original contractual obligation of Israel, regardless of whether any person or entity tries to enforce the old Bond. The holder will bear all expenses in connection with delivery of a new Bond.

Early Redemption

Upon not more than sixty days (60) written notice and presentation of the Bond, a written instrument of transfer and other necessary legal documents, the fiscal agent will repurchase Bonds at the option of the owner(s) prior to maturity only under the following circumstances:

(a) upon the death of the registered owner of the Bond or, if there is more than one registered owner of the Bond, upon the death of the last surviving registered owner. However, Israel is not required to purchase upon death if the Bond is owned by a transferee or assignee;

(b) upon the death of any person owning the Bond through an IRA, Roth IRA, Keogh Plan, or H.R. 10 Plan. However, Israel is not required to purchase Bonds on death as set forth in clause (a) above and this clause (b) if, in Israel's opinion, a material number of these persons died as a result of war, epidemic, catastrophe of nature or other disaster;

(c) upon the termination of an Employee Benefit Plan which owned the Bond, provided that in the case of an IRA, Roth IRA, Keogh or H.R. 10 Plan, the Bond, or the Bond's face amount, is not transferred to another IRA, Roth IRA, Keogh or H.R. 10 Plan in a "roll-over" transaction as the term is defined in Section 402 of the Internal Revenue Code (the "Code") within the time limit prescribed for such "roll-overs".

For purposes of this offering, "Employee Benefit Plan" means:

- any employee benefit plan as defined in Section 3 of the Employee Retirement Income Security Act of 1974, as amended, or any comparable legislation in effect at the time of determination;
- any Individual Retirement Account, Roth Individual Retirement Account, Keogh or H.R. 10 Plan, and any Registered Retirement Savings Plan, or any treasury, strike or other fund established or maintained by an employee organization.

An "Individual Retirement Account" or "IRA" is an individual retirement, tax-deferred pension plan established by an employee under Code section 408 or any comparable legislation in effect at the time of termination. A "Roth IRA" is an individual retirement account in which earnings accumulate tax-free and from which qualified distributions are tax-free that meets the definition of "Roth IRA" in section 408A (b) of the Code. A "Keogh Plan" or an "H.R. 10 Plan" is a retirement plan established by a self-employed person that itself or is intended by its terms to satisfy the applicable requirements of the Code.

Israel will repurchase interest-bearing Bonds for a purchase price equal to the principal amount of the Bond together with interim interest accrued and unpaid to the repurchase date. Israel will repurchase non interest-

bearing Bonds for a purchase price equal to the price at which the Bond is deemed issued pursuant to section 1273 of the Code, as adjusted as of the repurchase date pursuant to the provisions of section 1272 of the Code.

If the Bonds are surrendered along with an order of Israel or DCI stating the (i) owner is deceased; (ii) was not a citizen of the United States; (iii) resided outside of the United States at the time of his or her death; and (iv) the Bonds were physically located outside the United States at the time of death (along with an affidavit to that effect), and the order instructs the fiscal agent to pay the repurchase price to the executor, administrator, legal representative or the heirs or next of kin of the deceased owner, the fiscal agent will pay the repurchase price as so ordered.

The Bonds are subject to redemption at any time at the option of Israel, in accordance with the terms set forth in the prospectus supplement. Israel will repurchase interest-bearing Bonds at a price equal to the principal amount of the Bond together with interim interest accrued and unpaid to the repurchase date. Israel will repurchase non interest-bearing Bonds for a purchase price equal to the price at which the Bond is deemed issued pursuant to section 1273 of the Code, as adjusted as of the repurchase date pursuant to the provisions of section 1272 of the Code.

The Bonds are redeemable as a whole or in part. If the Bonds are redeemed in part, all Bonds of an issue bearing the same issue date must be redeemed, and cannot be selected by lot. If interest-bearing Bonds are to be redeemed, then partial redemption can only be made on an interest payment date. No Bonds of any issue can be redeemed at the option of Israel unless the Bonds of such issue having a prior issue date are or have been called for redemption. A notice of redemption will be mailed to all Bond holders by the fiscal agent between thirty (30) and sixty (60) days prior to the redemption date. The notice will set forth:

- the redemption date;
- whether all Bonds or a group of Bonds are to be redeemed;
- the redemption price;
- that on the redemption date no Bond holder of Bonds called for redemption is entitled to more than the redemption price, and that the redemption price is due and payable on the redemption date; and
- the place where the Bonds are to be redeemed.

If the redemption price is not paid on the surrender of any Bond, then interest-bearing Bonds will continue to be payable at the rate prescribed for such Bonds, and non interest-bearing Bonds will continue to be payable at their maturity amount on their maturity date. Israel will not be required to issue or register the transfer or exchange of any Bond during the period beginning with the fifteenth business day prior to the mailing of a notice of redemption through the end of the date of the mailing. Israel will also not be required to register the transfer or exchange of any Bond selected for redemption in whole or in part, except for the unredeemed portion of the Bonds being redeemed in part. No general redemption has ever been made on a prior issue. No sinking fund is required to be established under the terms of the fiscal agency agreement or the Bonds.

Limited Transferability

You may not transfer or assign the Bonds except that, subject to the terms and conditions of the fiscal agency agreement or the Bonds, the Bonds shall be transferable to:

- the State of Israel;
- the Development Corporation for Israel;
- any religious, charitable, literary, scientific or educational organization exempt from income or similar tax under the Internal Revenue Code, or under the laws of the country in which the organization is located (transfers to such tax exempt organizations may be made only by donation, not sale);
- the owner's spouse, children, grandchildren, siblings, parents or grandparents; or
- upon the death of the owner, to the person or persons entitled thereto in accordance with the owner's testamentary disposition and/or the applicable laws of descent and distribution;
- any person within or without Israel who shall have been designated by Israel as a permissible transferee of the Bonds.
